

Gen. 'Ike' Truman Rests in Washington In State Thursday

SAAF Band to Play During Celebration In His Honor by Greater Kansas City

KANSAS CITY, June 20.—(P)—Rank will be forgotten in the big celebration Kansas City has arranged for Gen. Dwight D. Eisenhower tomorrow — from private to top-ranking officers who fought under him, all will receive equal recognition.

That is the way "Ike" desires it, the reception committee explained.

The general and his party of 43 soldiers will arrive at the municipal airport in three planes, the first of which is scheduled to arrive at 12:30 p. m. The army has ordered the field kept clear of spectators and the public will not be permitted to see this phase of the program.

Eisenhower's mother, 83-year-old Ida Eisenhower, four brothers and 15 close relatives will greet the Allied commander when he alights from his plane with his son Lt. John S. D. Eisenhower.

Brief Greetings

"Ike" will hear brief greetings from an official reception committee headed by Roy A. Roberts, managing editor of the Kansas City Star, chairman and Byron T. Shutz, vice chairman and including the governors of Kansas, Missouri and Nebraska; the adjutant generals of Kansas and Missouri, and the mayors of the four cities comprising the metropolitan area—Kansas City, Mo., Kansas City, Kas., Independence, Mo., and North Kansas City, Mo.

Also waiting at the airport will be the fathers, mothers, wives and children of some of the veterans returning with their leader.

A parade, 10 1/2 blocks long, will get under way at 1:15 p. m. and will move through downtown Kansas City to the Liberty Memorial hall across from the Union Station.

The general will ride in an open car with his wife and Mayor John B. Gage.

SAAF Band to Play

Spaced through the line of march will be the 443rd army service band, the Sedalia AAF band, the Ft. Leonard Wood band, the Olathe naval air station band, the WAC band from Des Moines, the Third Missouri band, and three drum and bugle corps of World War I veterans.

While the parade is in progress the O'Reilly general hospital band from Springfield, Mo., will play at the Mall.

Mrs. Harry S. Truman and Miss Margaret Truman will be guests at the ceremony.

The program on the Mall will get under way at 3:30 p. m. General Eisenhower will speak no longer than 20 minutes.

At its conclusion, the general, his family and members of his party will board a special train that will take him to Abilene, Kas., his hometown, for a big homecoming celebration Friday.

Col. Salisbury Home on Visit

Colonel Arthur "Buck" Salisbury, commanding officer of the Galveston Army Air Field, Galveston, Tex., arrived this afternoon for a few days visit with his mother, Mrs. Fay Salisbury, 312 East Third street, and his sister, Miss Maxine Salisbury.

The colonel flying one of the U. S. Army's new fighter planes arrived at the Sedalia Army Air Field shortly after 1 o'clock this afternoon and came directly to Sedalia.

He returned to the United States last November after more than two and a half years in foreign service, taking part in battles of North Africa, Sicily, Italy and the invasion of France.

Sgt. Oelrichs Killed By Nazis

Staff Sergeant Vernon J. H. Oelrichs, 23, son of Mr. and Mrs. Henry Oelrichs, Mora, Mo., was killed in Germany on March 2, 1945, according to communications received by his parents from the war department recently.

They received an earlier notice he was missing, on the above date, and since received a telegram stating he had been killed. They also received a letter from his commanding officer and from one of Vernon's buddies, who told them Vernon's death occurred when one of the enemy tanks came upon them in the line of battle.

Sgt. Oelrichs, born on February 7, 1922, was reared in the Mora community on his parents' farm. In March 1943 he was sent to Camp Campbell, Ky., where he received his basic training then from Maryland he was sent overseas in May 1944. He was in the 83rd Infantry Division, Company I.

Surviving him besides his parents are five younger brothers and sisters, Lillie, Ida, Violet, Harry and Melvin, and a grandfather of Higginsville.

He was a member of the Lake Creek Lutheran church.

His body was buried in Holland as reported in the letter from his commanding officer.

Bothwell Hospital Opens Third Floor

The third floor of the Bothwell hospital, east wing, has been equipped with hospital beds and other necessary furniture and has been opened, it was announced on Tuesday. Opening of this section of the hospital gives eight additional rooms for patients.

Howard Peck, superintendent of the hospital, stated it would give some relief for private rooms, however the hospital is filled to nearly capacity, with additional patients arriving.

The third floor had not been opened previously, due to the lack of furniture, and also the lack of help to operate the section.

Not So Much Paper

NEW YORK, June 20.—(P)—Paper taken up from the streets after General Eisenhower's tour yesterday totaled only 77 tons, Deputy Commissioner William J. Powell of the Sanitation Department said. Other public demonstrations have resulted in as much as 2,500 tons of ticker tape and torn paper tossed from buildings. The public was asked to refrain this time.

Von Ribbentrop's Arrest Due To Tip by German Soldier

By Charles Chamberlain

HAMBURG, Germany, June 18.—(Delayed)—(P)—The plump wife of a long-time acquaintance of Joachim Von Ribbentrop told today that a tired and disgusted German soldier provided the tip which led to the Nazi foreign minister's arrest last week by British military police.

The woman, publication of whose name is not permitted, is the wife of an elderly wine merchant who has known Von Ribbentrop for 25 years. She said her husband turned the Nazi official away from his door April 30 when he came seeking refuge.

"My husband and I like Von Ribbentrop as a man but hated him for being a Nazi," the woman said. "I am glad he has been taken. He deserves any fate."

Von Ribbentrop finally found a shelter in the apartment of a 35-year-old divorcee, moving in, part of next week, and fly into San Francisco for the address still tentatively scheduled for Saturday afternoon.

Meanwhile, press secretary Charles G. Ross announced that the president will hold a press conference at 10 a. m. (PWT) tomorrow, his first outside the White House.

Ross also announced that governor Wallgren will accompany the president to San Francisco for the historic speech in which Mr. Truman will bring the long conference, dedicated to the preservation of future peace, to a close.

Interest in tomorrow's press conference was heightened by speculation over the possibility that the president may have more to say about his forthcoming "Big Three" meeting on the outskirts of Berlin.

Senate, House Differ Over Direct Relief

Senate Votes Increase After Many Speeches

JEFFERSON CITY, June 20.—(P)—Missouri's senate and house headed today for a falling out over direct relief, perennial wrecker of legislative harmony.

At stake is a \$1,200,000 increase for direct relief, voted by the senate yesterday as it soared far beyond the \$1,500,000 figure set for the next fiscal year by the house. Last year the general assistance appropriation was \$2,546,000 and the state social security commission had requested \$4,903,000 for the two year period starting July first.

If the senate increase becomes law, Parke M. Banta, state social security administrator, estimated the 21,500 cases now on the rolls could be paid enough to meet 70 per cent of their needs, instead of 65 per cent, the June average.

Increase Expected

The \$2,700,000 level was recommended by the senate appropriations committee, chairman Roy D. Miller (R) of Columbia said, to meet an expected increase in the caseload to 32,000 by next year. The raise was approved by the senate 14-8, then the bill was passed 23-1 with only Sen. Clyde Wagner (D) of St. Louis voting against it on constitutional grounds.

The vote climaxed an afternoon of oratory in which social workers were attacked as "old maids telling us how to run the indigent families of Missouri" and direct relief was criticized as "a cancerous growth on the body politic."

Sen. Anthony M. Webb (D) of St. Louis sought to raise the allotment to \$4,200,000 but was defeated by a one-sided voice vote.

In sharp contrast to the relief debate, a house bill setting the amounts for old age and benefits and aid to dependent children was accepted without a murmur. Passed and sent to the governor was a bill allotting \$14,255,520 for old age assistance, compared with \$13,782,000 last year and \$2,245,300 for aid to dependent children, against \$2,093,000 in 1944.

House Took Hand

The house, resuming work after a two-week recess, also took a hand in social security legislation. It concurred with senate changes to a bill fixing the maximum amount for old age benefits at the level which the federal government will match—currently \$40 a month—and also accepted the senate version of a measure setting up a five-member children's code commission to study juvenile problems. The commission will report to the governor and the 1947 general assembly.

Plowing through other fund bills the senate also:

Appropriated \$401,229 for the state park board in accordance with a mandate of the 1945 constitution despite earlier house action in allotting only \$125,000 for parks; passed and sent to the governor a \$924,000 allocation for the highway patrol, including funds for new radio equipment, and set aside \$700,000 for state military forces to serve as a nucleus for rebuilding the national guard.

Frank Janisch Died in Action On January 28

Pilot of Night Fighter, Formerly Lived in Houstonia

Mr. and Mrs. George E. Janisch of DeSoto, Kas., formerly of Houstonia, Mo., have received word from the war department that their son, Lt. Frank Janisch was killed in action in the European theatre of war on January 28, 1945. They previously had been notified he was missing on that date.

Lt. Janisch was born at Houstonia July 27, 1921 and was graduated from the Houstonia high school in 1939. He also attended the Missouri University. Enlisting in the army air corps early in 1942, he received his wings at Yuma, Ariz., on June 22, 1943 and went overseas in April, 1944. He was with the 12th Air Force in Italy and was pilot of a night fighter, the British Mosquito. He held the air medal and two oak leaf clusters. The second cluster was awarded after he was reported missing, the citation stating he showed selfless devotion to duty and courage in flying over mountainous terrain strongly defended by the enemy. His last action took place in the Verona area of Italy.

Pettis County Family

Three of Lt. Janisch's grandparents lived in Pettis county. Mr. and Mrs. Lucrinius Baker were pioneer settlers in 1854 and another great grandfather, Brig Gen. S. B. Hayman came to Pettis county with his son, Frank Hayman in 1878 after he had retired from the army and both spent the remainder of their lives in this county. His grandparents, Mr. and Mrs. Thomas Janisch were formerly residents of Sedalia.

In addition to his parents he is survived by two sisters, Mrs. Mary Ellen Hines and her three children; Mrs. Mima Kapke of Laughey View, Hampton, Iowa and her son; his grandmother, Mrs. Thomas Janisch of Bronxville, N. Y.; his uncle, Harry Janisch of Chicago, Ill.; his aunts, Mrs. Douglas Atwill of Fargo, N. D.; Mrs. Roy Hollis of Bronxville, N. Y.; Mrs. Beverly Brown of San Diego, Calif., and his great aunt, Mrs. Minna Hedges of Kansas City.

Supervisor of OPA is Here

Clarence P. Short, district supervisor of the OPA, out of Kansas City, arrived in Sedalia this morning and is making his regular visit to the Pettis County Price and Rationing Board at the court house.

Mr. Short this morning, when questioned as to a clerk for the local office, replied none had been obtained as yet other than Frank Rose, who is acting clerk. Mr. Rose is from the Kansas City district office and has been in Sedalia more than a week handling the affairs of the local office.

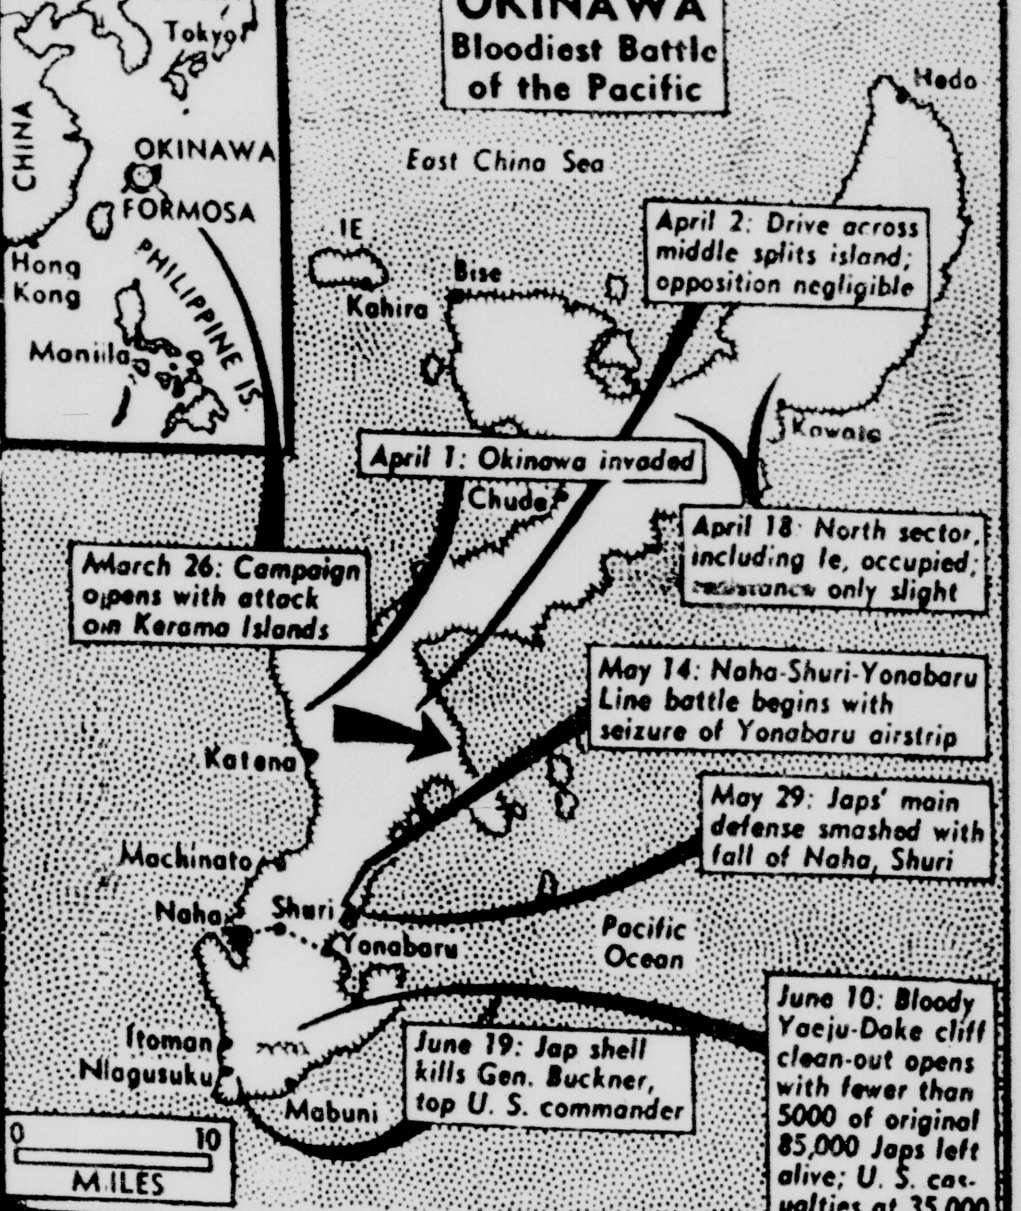

W. H. Ilgenritz, acting chairman of the Pettis county board, said he had no statement to make regarding the local office, other than that everything appeared to be running "smoothly."

Imprisonment Only for Poles

By Eddy Gilmore

MOSCOW, June 20.—(P)—Maj. Gen. Nikolai Afanasiev, chief prosecutor of the 16 Poles on trial for subversive activities behind Russian lines, asked the court today for no death sentences but only imprisonment.

He told the military collegium of the Soviet Supreme Court in his summation that death was not needed "because we are now living through days of joyous victory and the Soviet nation is mightier than it ever was."

Final evidence indicated that Stanislaw Mikolajczyk, who resigned as head of the Polish exile government in London when it failed to accept his recommendations for accord with the Lublin-Warsaw regime, had been kept in the dark concerning alleged anti-Russian activities of the Polish underground army. The commander of the group, Maj. Gen. L. Bronislaw Okulicki, is the chief defendant.

The testimony from Mikolajczyk came from Yevgeny Charnowski, chairman of the Polish Union of Democrats, as Polish groups sought an accord here in meetings with representatives of Russia, the United States and Great Britain.

Pilot of C-47 Rehearses Rescue Plan

HOLLANDIA, New Guinea, June 18.—(P)—(Delayed)—Three survivors of an army plane crash in the wilds of New Guinea arrived today with their rescuers on the floor of the valley of "Shangri-La."

For three days they hacked their way through the jungle and clambered down the gorge from halfway up the mountainside where their plane struck and burst into flames last month at a cost of 20 lives.

A dress rehearsal of the glider rescue by which the army hopes to bring them from the mountain-girt valley was held at Biak under the eye of Col. Ray T. Elsmore, Menlo Park, Calif.

From the cockpit of Elsmore's plane I saw the three, WAC Cpl. Margaret Hasings, Owego, N. Y., Lt. John B. McCollum, Trenton, Mo., and Sgt. Kenneth Decker, Kelso, Wash., run from the base camp tents and stretch their hands skyward in greeting to our buzzing plane.

The meeting was presided over by Noel Tweet, president of the club. Plans for a night dinner-meeting were also announced for Friday, June 29.

Hint New American Invasion

Location Reported Southwest of Okinawa; More High Ranking Officers Die

By Leonard Millman
Associated Press War Editor

Death of an American admiral and general—the second and third ranking officers in the Pacific to be lost this week—was disclosed today as U. S. and enemy reports told of four widely separated naval actions involving two possible invasion threats.

Rear Admiral Ernest B. Royal, 52-year-old commander of amphibious forces in the Brunei bay invasion of northwest Borneo, died Monday of natural causes. The same day Lt. Gen. Simon Bolivar Buckner, Jr., U. S. Tenth army commander, was killed on Okinawa island, where confused and broken Japanese forces were surrendering today or making suicide leaps from southern cliffs by the hundreds.

Brig. Gen. Claudius M. Easley, assistant commander of the 9th division, was killed on Okinawa Tuesday, his wife in Washington was notified by the war department today.

The war department gave no details.

Hint of Invasion

Coincident with the virtual complete conquest of Okinawa, except for interminable mopping up operations, Tokyo broadcasts hinted at a possible Allied invasion of another Ryukyu island 200 miles to the southwest.

A hundred transports were concentrated, Tokyo said, at U. S. island bases near Okinawa, while two task forces, including five carriers and four battleships, moved toward Miyako island in the almost daily raided Sakishima group.

Tokyo also reported Allied mine layers were sweeping a channel off Balikpapan, south Pacific oil center, for a third Australian invasion of Borneo.

These reports were without confirmation. In announced American naval activity a destroyer shelled and sank three Japanese vessels in the Bonin islands, between Iwo Jima and Tokyo, while other surface ships joined air forces in bombarding by-passed Jaulu island in the Marshalls.

Pre-Dawn Raids

The enemy reported 30 fighter planes from Okinawa raided Onura in the Japanese homeland during daylight today, following up devastating pre-dawn raids by 450 Superforts on three industrial cities and three mine-laying expeditions by 60 other B-29s.

American ground forces in the northern Philippines advanced so rapidly it appeared the enemy might not have a chance to organize for the long expected major battles of Cagayan valley.

Japanese columns launched a successful two-pronged offensive up the Hoihoon (Liuchow) peninsula of southeast China.

Approximately 220 miles to the northeast Chungking reported the Chinese columns have driven to within six miles of Liuchow and three miles from the former U. S. Liuchow airbase.

Two regiments of Marines cracked through rapidly diminishing enemy resistance on Okinawa yesterday to reach the southern shore and cut Japanese survivors into three disconnected pockets. The Eighth Marine regiment, Tarawa veterans who entered the Okinawa battle this week, were the first to reach the beaches. They made it standing up.

Wants 50 Cents Hourly Wage

WASHINGTON, June 20.—(P)—William H. Davis today proposed a general wage minimum of 50 cents hourly, with the pay floor ranging up to 65 cents on textiles and other industries needing production incentives.

Davis, director of the Office of Economic Stabilization, suggested that the Federal Fair Labor Standards Act, which now provides a 40-cent hourly minimum wage, be amended to bring workers back into industries having manpower problems and to provide a foundation for a reconversion stabilization program.

His suggestion was made informally at a conference of six government agencies with AFL and CIO textile unionists.

Metal Object Drops on Otto Eickhoff Farm

Find It's Aerial
Weight, Dropped
From Airplane

"It might be a Jap bomb or a stray bomb from a U. S. Army bomber plane," was the first thought several Sedalians had when Otto Eickhoff, who resides, thirteen miles south of Sedalia and three miles east of Highway 5, reported finding an object buried in a field on his farm with a long wire attached to it. Just to make sure Colonel Jerome McCauley, commanding officer of the Sedalia Army Air Field, was notified and he sent ordnance men to the scene to investigate.

Mr. Eickhoff notified Sheriff Ed Goetz of his find and he in turn notified State Trooper Pete Stohr. Stohr notified the Democrat and the reporter suggested army investigation due to the rumors of Jap paper balloons which have been floating over the United States.

Colonel McCauley sent Captain Kenneth A. Hicks, Lieut. Wesley J. Sargent, Cpl. Jerry Brennan and Cpl. Ray Nugent, to Sedalia and they met Trooper Stohr and drove to the Eickhoff farm. The men worked cautiously when they found the wire which led to a small hole in the ground. They dug the dirt out by hand going nearly two and a half feet down, and soon touching a metal object, decided against digging any further, but went more than 150 feet away and crouched on the ground, then pulled. Out came a metal object and when they went back to investigate found it was the weight to an aerial used to hold the antenna of a radio aerial down when hanging from a plane.

Little Apprehensive

The tear shaped weight weighed about four pounds, and the copper wire attached was stretched across the field and measured a little less than 200 feet. After wrapping up the wire and placing the weight in the army staff car, the officers all agreed, they were a little apprehensive for a time, just as were those who stood their distance and watched the proceedings.

"You can not be too careful," Captain Hicks said, "it is possible that sometime someone might find an object something like this and it might accidentally have a bomb on it, accidentally dropped from a plane in cross country flight, and it could be possible that some object like this might drop anywhere in the United States from a paper balloon such as are being sent up by the Japanese.

"We can only warn the people to not touch anything they are not familiar with, notify the Sheriff of your county, the State Highway Patrol, the nearest police department, and these officers will contact the proper authorities who will investigate," Captain Hicks said.

Is Acquitted Of Embezzlement

OSCEOLA, Mo., June 20—(P)—A circuit court jury Tuesday acquitted Arthur P. Landaker, former treasurer of St. Clair county, of charges of embezzlement, brought recently in a grand jury indictment. The jury was out fifteen minutes.

On the reading of the verdict, Judge Dewey P. Thatch, presiding judge, made a statement to the court in which he termed the jury's decision "an unconscionable verdict and an open invitation to public officials to help themselves to the county funds."

During the trial the defense admitted a shortage of \$8,300 from Landaker's funds, as charged, but pointed out that he and his bondsmen had reimbursed the county in full.

Testimony brought out that the alleged shortage became apparent in July of 1943 when Mrs. Arch Sanders, present county treasurer, reported the county's books and the bank accounts did not balance. She had taken over on January 1, 1943, when Landaker's term expired. Early this year a grand jury returned an indictment of embezzlement after an audit by the state showed the shortage to be \$8,300.

Wave Sticks At Nations' Idle Workers

More Than 20,000 In Vital Work Were Targets for Orders

By The Associated Press
The government, headed by President Truman, waved big sticks at thousands of the nation's idle workers today, prodding them to go back to jobs they had left over labor disputes.

More than 20,000 employees in vital war work in scattered sections of the country were the targets for directives from the president as well as from the War Labor Board and the office of Defense Transportation.

Transportation facilities in several areas appeared the hardest hit by the work stoppages in the east, south and midwest. The WLB acted to end five strikes while President Truman ordered army seizure of one war plant.

In Chicago, some 1,200 soldiers manned trucks as the ODT sought to restore normal operations for the 1,700 government seized trucking lines. Speedy drafting of union truck drivers remaining away from the jobs was being prepared by ODT officials.

Many Affected
Tri-State company officials in Jackson, Miss., estimated 60,000 passengers in nine states were affected by a strike of more than 400 bus drivers and mechanics.

Army seizure and operation of plants of the Diamond Alkali company at Painesville, Ohio, was ordered yesterday by president Truman.

Hearings were scheduled today and Thursday by the WLB in an effort to end strikes at two plants of the Pittsburgh Plate Glass company and to halt threatened strikes at four of the company's other plants and four plants of the Libbey-Owens-Ford Glass company.

Walkouts at Chicago and Detroit war plants kept idle some 8,000 workers. More than 3,500 workers of the Ford Motor company's River Rouge plant were sent home after work stoppages by 500 United Automobile Workers (CIO) maintenance men and 400 AFL maintenance men were off the job at the Packard Motor Co.

Show Cause Meeting
In Chicago officials of the CIO United Farm Equipment Workers union and the McCormick works of the International Harvester company were directed to appear at a show cause meeting today if a strike of between 4,000

A LOCAL LADY SPIT UP ACID LIQUIDS FOR HOURS AFTER EATING

For hours after every meal, a Sedalia lady used to spit up a strong, acidulous liquid mixed with pieces of half digested food. She says it was awful. At times she would nearly strangle. She had stomach bloat, daily headaches and constant irregular bowels action. Today, this lady eats her meals and enjoys them. And she says the change is due to taking ERB-HELP. No gas, bloat or spitting up after eating. She is also free of headaches now, and bowels are regular, thanks to this remarkable New Compound.

ERB-HELP contains 12 great herbs: they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Sold by all drug stores here in Sedalia.—Adv.

Merry-Go-Round

by DREW PEARSON

WASHINGTON, June 20—President Truman got some unexpected but welcome words from an old political enemy when GOP Congressman Everett Dirksen of Illinois dropped in to see him following Dirksen's recent inspection trip around the world.

The big Illinois congressman, himself a candidate for the Republican nomination, had received several thousand dollars of campaign contributions from his home constituents which he proposed returning to them. But they proposed that he use it to study U. S. foreign relations abroad.

Returning from that trip Dirksen concluded that the biggest problem we face is winning the peace after the war and hiring the right kind of diplomats (with enough pay) to do it. Dropping in to see President Truman, Dirksen said: "You were a wagon soldier in the last war, Mr. President. So was I. (Both were in horse-drawn field artillery). We don't have much conception of how modern warfare operates. But we do know something of what our boys have gone through, and we've got to make sure that these who have taken it on the chin have not done it in vain."

"You speak my language," replied Truman, listening intently. "Why don't you get a \$100,000,000 appropriation for the state department," Dirksen continued, "and build up a system of American diplomacy strong enough to represent this country? That's the first step in winning the peace after the war. We've got to hire good diplomats and give them the means of support."

"I am for economy," Dirksen went on. "In fact, I have opposed a lot of spending on the part of the Roosevelt administration. But I consider a strong state department to be one of the best investments this nation can make."

President Truman replied that there was a great deal in what the Illinois congressman said. Foreign affairs, he continued, was one thing he was working on hardest; and he hinted, without exactly saying so, that he was giving state department reorganization a lot of consideration.

Canol Pipe Line
One thing Senator Homer Ferguson of Michigan likes to remind certain army officers about is Canol—fabulously expensive oil and refinery project the army put up in Canada but never operated. This was the pet project of Gen. Breiher Somervell, head of army service forces.

Just before he left for Europe last month, Senator Ferguson bumped into General Somervell in Washington. The senator winced a bit from the general's handshake and Somervell began to kid him about not being tough enough to stand the various shots in the arm which all travelers bound for Europe or the Pacific must take.

"How much blood did you lose, senator?" Somervell asked. "Hardly any," Ferguson replied. "And those shots really don't bother me too much. You see, they didn't give me very large shots. They just put into my arm all the oil the army's been able to get from Canol."

The general changed the subject.

Frank Jap Prisoners
Increased study of Japanese war prisoners tends to confirm recent observations of Portland Oregonian Editor Palmer Hoyt that, after the war, we probably will have a greater chance to convert the Japanese mind than the German.

German prisoners have been notoriously tight lipped and unbending. The western system of fighting contemplates the possibility of being taken prisoner, so German troops were schooled in advance in what not to say and what their rights were under the Geneva convention. In addition, one German prisoner escaped from Canada early in the war and reported back to Berlin all the devices used by the British to make him talk—such as putting German speaking British dressed in German uniforms in the same barracks with him.

So for about a year the British couldn't get any information out of German prisoners at all.

However, Jap prisoners, on the few occasions they are captured, become most talkative. Their code does not contemplate being taken prisoner, so they are not taught in advance what to say. Nor are they protected by the Geneva convention. For instance, one Jap pilot picked up in the water, told an amusing story of how he was astonished

him. So for about a year the British couldn't get any information out of German prisoners at all.

THE MOST DANGEROUS CARGO

TONY MERCEDE, Gingiss and Fox and I were sitting in the C. N. A. C. pilots' lounge later the same day when the air-raid signal sounded. "Potty" Pottschmidt was at his desk in the adjoining office, but he kept right on working for a couple of minutes. Then he got up and came out into the lounge, lighting a cigarette.

"They must have heard Chennault's away," he remarked. "I had heard previously that General Chennault had left Kunming on some important military mission and was not expected back for a week or so, but I didn't attach any significance to Potty's remark until later when I learned that the General had an almost foolproof system figured out for anticipating and gauging the strength of Jap attacks on the Kunming area long before the attacks took place. It involved an elaborate chart showing a score or so of possible Jap plots or strategies. The chart was not really foolproof, of course, but coupled with Chennault's superb ability as a strategist and a tactician, it worked like a charm for him."

But this day he was away. Taking his place at the 14th Air Force headquarters was a brigadier general newly arrived from the States. Chennault's alarm system had probably been explained to the new general before he was left even in momentary charge, but in the excitement of having to apply his sketchy knowledge he developed

him. So for about a year the British couldn't get any information out of German prisoners at all.

From where I sit... by Joe Marsh

Soldiers vs. Civilians in Tomorrow's World

You hear some talk about how when the war is over—there's going to be bad feeling between soldiers and civilians; how the country will be divided into those who fought in uniform and those who stayed at home.

Well, maybe you saw that letter from a soldier overseas, in one of our big magazines. It said that men in uniform aren't thinking any such thoughts—any more than folks at home are.

The most important thing is, that we're all engaged in one titanic struggle to preserve our

freedom and our rights—not just as soldiers or civilians—but as Americans!

From where I sit, that attitude is going to win the war—and win the Peace too. If we can respect the rights of others—whether it's their right to enjoy a glass of beer, or to vote the way they please—we've got a mighty sound foundation for our peace-time world.

Joe Marsh

on a small island in the Ryukyus when superseded by an officer of superior rank.

"Rank," he observed with refreshing frankness, "is a terrible thing."

Continuing, he told how he had been transferred from the island, anxious to get into combat and finally made his first combat flight in a fighter plane.

"I saw the American planes coming," he reported to his American captors. "I got one of the American planes squarely in front of my gun sights. But nothing happened. My guns did not fire. Then I was shot down."

"As I landed in the water," he sighed, "I could not understand why my guns had jammed. Then I realized that I never pulled the trigger. 'What a fool I am!'"

This frankness on the part of Jap prisoners is not unusual. Just as the Jap naval landing troops interviewed by Palmer Hoyt wanted to become naturalized citizens of the U. S., so many Jap prisoners become quite cooperative once they understand they will not be tortured. Only trouble is there are so few prisoners. Getting Japs to surrender remains one of the biggest problems of the war.

Capitol Chaff

Senator Tydings' friends say he has various explanations for his unexpected quick return from the Philippines after he expected to stay five weeks. Only trouble is the explanations conflict. One explanation is that Tydings had to bring back a peace offer from the Japs. Another is that he was acting as a special emissary to Washington from MacArthur. Another is that he had immediate work to do in Washington on the question of Philippine independence.

... Diplomats lifted their eyebrows when U. S. ambassador Adolf Berle flew up from his post in Brazil at the exact time Secretary Stettinius was in San Francisco. Most diplomats report when the secretary of state is present, not absent. However Berle, has never forgiven Stettinius for firing him as assistant secretary when he was in the middle of Chicago aviation conference.

Speaking of the original Roosevelt brain trust, its members, with one exception are scattered to the four winds. Rex Tugwell is governor of Puerto Rico; Professor Moley is a magazine commentator, formerly a bitter Roosevelt critic, and Berle is ambassador to Brazil. Only original brain trust who quietly keeps saving wood is Charles Tausig in charge of the state department's office for the West Indies. You don't hear much about him, but he has done an excellent job.

Trio of Castoff Pitchers Hold The Limelight

Turn in Sparkling Performances Which Add to Uncertainty Of Wartime Baseball

By Joe Reichler
Associated Press Sports Writer

A trio of castoff pitchers demonstrated last night they might have an important bearing on the American and National league pennant races.

The three, Roger Wolff of Washington, Clem Hausmann of the Boston Red Sox and Joe Bowman of Cincinnati, each turned in a gilt-edged mound effort to blank their opposition in 31 innings.

Wolff, the 32-year-old veteran, who reached the majors via Philadelphia at the advanced age of 29, and was traded to the Senators at the end of the 1943 season, held his former teammates to one hit in the opener to help the Nats win a double header from the Athletics 6-0 and 5-3.

Only 28 men faced the knuckleball expert. Hal Peck's fourth inning double ruined his quest for a no-hitter. The triumph was Wolff's seventh against three defeats. In each of his losses he gave up but one run.

Clem Hausmann, a 25-year-old righthander, whom the New York Yankees thought so little of when he pitched for their Kansas City farm two years ago, that they allowed the Red Sox to draft him, turned on his former employers and whitewashed the Yankees with three hits to eke out a 1-0 decision.

The victory, Hausmann's second straight 1-0 three-hitter, and his fourth in a row, put the third place Boston only half a game behind the Yankees, who dropped to two games behind the league leading Detroit Tigers. Hank Borowy was the victim.

Bowman, 35-year-old veteran who has seen service with six clubs and only a month ago was obtained on waivers from the Red Sox, turned in his fourth win without a defeat for the Reds with a brilliant 13-inning 1-0 triumph over the world champion St. Louis Cardinals.

After battling on even terms with Charley Barrett of the Red

Birds for 12 scoreless innings, Catcher Al Unser, another American league castoff, via the Tigers, singled home Al Libke from second for the winning run.

Detroit increased its first place American league lead a full game over the Yankees by whipping Cleveland 4-3 in a twilight tilt before 20,351 fans. Frank Overmire, third Detroit hurler, took over in the ninth to save the decision for starter Zeb Eaton.

With General of the Army Dwight D. Eisenhower looking on, the New York Giants continued their downward slide losing to Boston, 9-2, as Jim Tobin held them to eight hits. The defeat, their fourth straight and 18th in their last 23 starts dropped them to three percentage points above the second division. It also tightened the National league race to such an extent that sixth place Boston is only three games behind second place Pittsburgh and four and a half behind first place Brooklyn.

In the only other major league contest, Chicago's White Sox defeated St. Louis' Browns 5-4, scoring four runs in the seventh aided by Vern Stephens' two errors. Nelson Potter was charged with his fifth straight loss while former Brownie Earl Caldwell gained the decision.

Brooklyn and the Phillies were rained out while Pittsburgh and Chicago were not scheduled.

Sports Roundup

By Hugh Fullerton, Jr.
NEW YORK, June 20.—(P)—As an aftermath of last winter's basketball scandal, Brooklyn College has created the post of administrator of athletic eligibility (men) and appointed Verne Booth, star distance runner of 20 years ago and a member of 1924 Olympic team to the new job. . . . Commissioner Happy Chandler's contract still is circulating around the big league club owners collecting signatures. . . . Anton Lang, the famous seven-year-old barefoot pacer from Oxford, Wis., was given his first pair of shoes recently and won his first start of the year in fast time. His owner evidently figures that if the nag is going to beat two minutes, he'll have to do it in a civilized way.

Good Catch

Overalls, fishing hole and rod become standard equipment for boys now that vacation time is at hand. Joseph Ward, of Boston, leaving Charles River embankment, is halted by Coast Guard photographer Philip Biccute, also of Boston, who casts appreciative eye at lad's catch.

and Jack Miley, writers who pursued different methods of attaining the same objective. . . . Mercer's method was critical analysis while Miley specialized in barbed wit, but they both struck at weak spots regardless of whom might be hurt by their criticism. . . . One of the high spots in Mercer's career was a feud with John McGraw which arose when the Giant manager challenged Sid's veracity. After a formal hearing, Mercer was vindicated. . . . Miley was the central figure in the famous battle of the hotel lobby at Tampa when Dizzy Dean took a more active and colorful way of expressing his objections to criticism. . . . Such men won't be forgotten soon.

Service Dept.
The Braves' purchase of Mort Cooper was front page news in the "Cockatoo," the newspaper which serves the Sixth infantry division in the Philippines. . . . Capt. John Humm, home on furlough after 35 months in the Pacific, fired seven birdies in one round of golf at Long Island's Cherry Valley club the other day. That's really making things hum. . . . Sgt. John McNally — Johnny Blood to pro football fans, reports tough going on a basketball trip to Chungking. "We were there only seven days," he writes, "but were the honored guests at ten banquets."

Eckert-Brown Wrestle A Draw Match

McIntyre Wins His Match From Backley; Estep Beats Mills

The match between Orville Brown, claimant to the world heavyweight wrestling title, and Ray Eckert, challenger, went to a draw, Tuesday night after both won a fall and the 90-minute time limit ended with neither getting the final fall. Brown immediately told Eckert while in the ring he would "love to meet him again, in Sedalia, or any place else."

Promoter Simon Kalis, said that it is not possible to match the two again this coming week in accordance with previous schedules of the champion but promised to bring them together soon.

It took forty-six minutes for the first fall to be won and it went to Eckert using a rolling front headlock and smother. The second fall was won by the Champ in 23 minutes and 40 seconds using an Indian leg lock. The time ran out for the third fall.

Marshall Estep, who substituted for Vic Holbrook, who has again injured his knee, won the match with Lord Albert Mills. Estep took the first in six minutes and five seconds using the drop kick and body smother, while nine minutes and 50 seconds were used up for the second to be won by Mills using the body breaker and body smother. After 12 minutes and 25 seconds had lapsed for the third fall, the going became rough and Mills threw Estep out of the ring. When Referee Joe Szabo endeavored to push Mills away from the rope, Mills lost his head, knocked Szabo out of the ring and Szabo disqualified the giant wrestler and gave the match to Estep.

Don McIntyre, came through in the preliminary match to beat Gene Backley of San Antonio in 12 minutes and 35 seconds. The Ottaville boy used the jackknife and pinned Backley's shoulders to the mat for the fall.

It was announced the main event for next week will bring together Eckert and McIntyre, for the first time. Action aplenty can be expected for this match.
